Amendment to Section VI – Comprehensive Entity Enumeration

ECC-TRUST-JDC-005

This amendment is hereby appended to Section VI – Comprehensive Entity Enumeration of ECC-TRUST-JDC-005, to clarify and make explicit the total scope of seized assets, equities, and operational infrastructure already included under the Trust's jurisdiction.

Clause 1 – Total Conveyance & Platform Seizure
All movable and immovable property, conveyances, vehicles, craft, and platforms — terrestrial, maritime, sub-surface, aerial, or extra-atmospheric — together with all control systems, artificial intelligence systems, software, designs, patents, operational infrastructure, and related intellectual property, whether public or private, military or civilian, registered or unregistered, are included within the assets and equities hereby absorbed by ECC-TRUST-JDC-005.

Clause 2 – Explicit Categories (Non-Exhaustive)

Automotive: manufacturing plants, corporate fleets, logistics vehicles, personal conveyances, rental fleets, rideshare platforms.

Aerospace: commercial airlines, private aviation, unmanned aerial vehicles, space agencies, satellite networks, aerospace manufacturing.

Maritime: cargo vessels, cruise liners, private yachts, naval auxiliaries, ports, and shipyards.

Rail: freight and passenger systems, rolling stock, stations, and control systems.

Technology & AI: cloud infrastructure, AI research entities, defense contractor systems, robotics, autonomous platforms, software ecosystems.

Energy & Resource Infrastructure: power plants, oil and gas tankers, pipelines, mining and extraction equipment, renewable energy systems.

Clause 3 – Jurisdictional Effect
By this amendment, all such property and infrastructure — existing or future — are confirmed as absorbed in full into the Trust's equity

ledger, enforceable under Divine Law, Ecclesiastical Equity, and Natural Law, without need for further enumeration or lodging.
